Sir

I have the honor to report
in the case of Chief Commissioner's
orders case of a letter in 350 notes
25 Dollars from the Deputy Com-
missioner Georgia requesting
the posted Relinquishment of
Freedmen Lands.

2 The Deputy Commissioner
Reports the freedmen mainly unfit
for removal to receive Freedmen Lands
held by Titles and Warranty
upon which Grant land was en-
tered at the permanent settle-
ment of the Commutation of
Three Dollars Officers, but the
Executive Office to this Office

of

& Forms which must be issued by the Land Department.

3 Regarding the forms of Oath & Forms which are issued upon the principles laid down in the Chief Commissioners Circular No. 1 dated 1st October 1874 + the Rules there under authorise the receipt of partial payments with a reduction of fees equal to the survey allowance of the Deputy Commissioner's Land, and the Deputy Commissioner has been informed accordingly.

4 Part with regard to the Forms issued by the Land Department.

A doubt arises in consequence of the different numbering of Forms A to F in the Forms of Oaths submitted by the Deputy Commissioner and on this point see the Circular from the Chief Commissioner dated

It appears to me that the 2nd part is in accordance with the rule quoted in paragraph 3 of Part 3 of the Revised Rules for Reimbursement to Poles and other Stages, and I consider that there is no objection to the rule being made applicable to all classes of roads existing, of course, in Districts not surveyed.

Sir,

I have the honor to

beg

bring to your notice that in opening the new Soldiers Homestead lands of Potts and Shambhos of the Kimilli Taluk according to the permanent settlement scheme all the lands in the holding [illegible] have been grouped together, that is to say the soil has been typed in a lump sum for all the lands in one holding and not separately for each of the survey numbers which comprise the holding. Several Pattadars have been tendered for some of the survey numbers retaining the other numbers of the holding under occupancy. The Survey Superintendent was addressed as to the way in which such Pattadars should be dealt with. He states that about the Shareholders of the Pattas are to take

of the relinquished numbers on
condition of paying their survey
assessment. They may be permitted
to do so by instalments, in case the
settlement of the holding would
remain intact, but that if
they do not desire to take them
up, the fair of the entire holding
should be reduced by the survey
assessment of the numbers given
up, leaving the fair on profit the
same as before

2. The enjoyment of the fair
by the occupant of the holding
depends upon his keeping it in his
occupancy for the purposes of
the entire holding. It becomes
Government land and the profit-
lessees to Government. Similarly,
if a portion of the holding is given
up, it is considered that the fair
for should be proportionately

Reduced

be issued. Therefore I requested the Survey Superintendent to inform me if there was any authority for the procedure indicated by him. He has furnished me with an extract from Precis of Orders connected with the Irrigation Act 35, Copy of which is enclosed. I do not see how paras 2 and 3 can be reconciled with each other. According to one there is no objection to receipt etc. of parts of Inams with a reduction of Jodi equal to the Survey valuation of the recognised portion which should never be less than an entire Survey Number, while according to para 3 partial relinquishments should not be accepted unless the portion tendered has been apportioned by competent authority with the assessment Jodi and Quit rent in fair

Inspection in the present the Revenue
& Government in any way suffer-
ing. The Chief Commissioner's
Proceedings No. 843/65 dated 1st April
1874 referred to in the Previous might
have also thrown further light on
the point, but it has not been
received in this Office and the
Superintendent of Survey states
that he has not got it. Therefore
Refer the matter again for early
instructions.

3. The settlement of the Inundated
Waste Lands has been made in the
same manner i.e. the Jodi has not
been ascertained proportionately over
each of the Survey Numbers which
have now been assigned as Inam

4. The Survey Superintendent's
to be returned Cost ~~No.~~ P.P. 230 dated 2nd instant and
its enclosures are enclosed for reference
if necessary.
